FOOD AND AGRICULTURE DEPARTMENT.

Dated the 28th November 1950.
Read the following:-

G.O.Ms.No.2243.

1. G.O.Ms.No.919 Food and Agriculture dated 9-9-1949.
2. From the Director of Agriculture, Letter No.D1.Dis. X.1105/50 dated 12-10-50.

ORDER:

In its Report on the progress of Agricultural Research in the Madras State, the Expert Committee constituted by the Government in G.O.Ms.No.919 Food and Agriculture dated 9-9-1949 has inter lia recommended that all research staff should be recruited on a permanent basis and deputed for work in the Indian Council of Agricultural Research and other Schemes.

2. The Government have carefully examined the above recommendation in consultation with the Director of Agriculture and pass the following orders:-

(i) At present although the posts sanctioned for Indian Council of Agricultural Research Schemes are temporary, persons (other than the Councils Servants) are regularly appointed and they have all the service rights of persons appointed to non-Indian Council of Agricultural Research Scheme posts. The Director of Agriculture therefore considers that no change in the existing procedure is necessary. The Government agree with the Director of Agriculture.

(ii) The Director of Agriculture is also of the view that it is not necessary to create a certain number of supernumerary posts to implement the recommendation of the Expert Committee, provided the Government continue to adopt liberally the principle of making all posts in the Madras Agricultural Service and the Madras Agricultural Subordinate Service permanent after their being in existence for over three years. The Government do not accept the Director of Agriculture's recommendations to the extent that proposals for making temporary posts permanent, will be subject to the usual five years' rule and also to its being established that the posts are permanently required for dealing with the normal work of the Government.
